

Data Processing Agreement (DPA)

This agreement governs the processing of personal data under GDPR.

Qovre acts as a data processor on behalf of the client.

Data is processed strictly according to client instructions.

Security measures include encryption, access controls, and monitoring.

Sub-processors may be used (e.g., hosting providers, analytics tools).

Data breaches will be reported within 72 hours.

Upon termination, data will be deleted or returned to the client.
